STEP 4

CONSENT TO FORMS

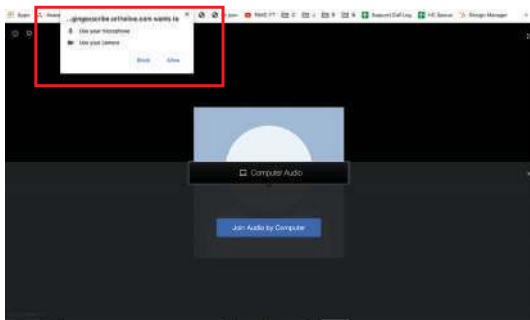

These are forms that state you are agreeing to a telemedicine call. Please read before consenting.

Once you have finished reading the forms you will check the 3 boxes.

STEP 5

ENTER WAITING ROOM - THE MOST IMPORTANT STEP!

Several minutes before your appointment start time you will tap the WAITING ROOM ICON (for example if it is at 3 pm, you will enter at 2:55 pm)

STEP 6

ALLOW CAMERA AND MICROPHONE ACCESS

Upon opening the app you will be asked if you want to give access to your camera and microphone. Allow that access so your physician will be able to hear and see you.

STEP 7

WAIT FOR YOUR PROVIDER

Wait in the waiting room for your provider to enter the call. They might be running late so please be patient with them. Here you will be able to see and hear your provider.

ADDITIONAL INFORMATION

At this time Internet Explorer and Microsoft Edge browsers are not supported. The telemedicine call will not work with these browsers, so you'll have to download one of the browsers mentioned in step 2.

Once you open the waiting room it says "Waiting for Host" this just means your provider hasn't "entered" the room yet. Stay on the line and hold tight. If they do not join promptly, then you may call your provider's office to let them know. The OrthoLive support team, unfortunately, cannot assist with this.

If there is a problem that you found which was not listed on this sheet contact us at (866) 456-7846 and leave a voicemail. Our OrthoLive Support team representatives are working hard to get you to your telemedicine appointment on time.
